2014: A Year In Review
29 YEARS OF ASSISTANCE

Purdue University’s Technical Assistance Program (TAP) continues to engage business, industry, healthcare, and government in Indiana and beyond.

For more than 900 employers in nearly every Indiana county, our network of 172 engaged Purdue faculty, students, and staff addresses tough challenges and supports new business opportunities.

Our Manufacturing Extension Partnership center — and other initiatives toward competitiveness, technology adoption, and workforce development — created jobs, increased sales, and reduced costs for Indiana companies this year. Meanwhile, our Purdue Healthcare Advisors brought millions of dollars to Indiana by partnering with hospitals and healthcare organizations to facilitate governmental compliance with Electronic Health Records systems.

$112.8 MILLION SALES
$9.6 MILLION COST REDUCTION
$58.2 MILLION CAPITAL INVESTMENT

PROVIDERS SERVED

In 2013–14, Purdue Healthcare Advisors and its faculty, staff, and student participants served 243 healthcare organizations in 65 counties, helping them to improve patient care, meet government regulations, and increase practice margins through innovations in productivity, safety, and efficiency.

ACTIVITY AND IMPACT DATA

July 2013–June 2014
Helped hospitals and healthcare providers earn an estimated $138 million from the CMS Meaningful Use Incentive Payment Program for achieving federal EHR standards.

FUNDING

Received $5,243,381 in funding from 141 sources.

TRAINING

Provided training to 627 healthcare-provider employees. Assisted more than 3,000 physicians with Electronic Health Records (EHR) since 2010.
